

BESTMED MEDICINE FORMULARY FOR NON-CDL
(CHRONIC DISEASE LIST) CONDITIONS

- Benefits are subject to the following:

- ✓ Pre-authorisation
- ✓ Bestmed guidelines
- ✓ Bestmed protocols
- ✓ Mediscor Reference Price (MRP)

This price represents the reasonable price in the market place for a particular group of generic equivalent medicines which is reviewed and updated regularly. MRP sets a maximum reimbursable price for a list of generically similar medicines with a cost lower than that of the original medicine. There may be instances where a generic alternative costs more than the set MRP. If you opt to use the original medicine and a generic alternative is available, or you use a medicine that costs more than the MRP, you will have to pay the difference between the price of the chosen medicine and that of MRP.
