## Bestmed maternity supplement formulary

- Benefits are subject to the Mediscor Reference Price (MRP):  
MRP is a reference pricing model applicable to all medicines with generic equivalents or biosimilars. MRP sets a maximum reimbursable price for a list of generically similar or biosimilar products with a cost lower than that of the original medicine. If a beneficiary opts to use a medicine that is more expensive than the MRP, the beneficiary will have to pay the difference between the price of the chosen medicine and that of MRP.
- This formulary is applicable to Beat3, Beat4, Pace1, Pace2, Pace3, Pace4 and Rhythm2.
- This is limited to a maximum of R145 per claim, per month for a maximum of 9 months.
- Registration on the Bestmed Maternity Care programme is required to gain access to this benefit.
- This formulary is subject to change without notice.
