- Benefits are subject to the following:
  - ✓ Pre-authorisation
  - ✓ Bestmed guidelines
  - ✓ Bestmed protocols
    - ➢ Below medicines are first line treatment. Second line medicines not listed, would be considered if clinical funding criteria is met as per protocol – without penalties.
  - ✓ MediKredit Reference Price (MMAP)
    This is a reference pricing model applicable to all medicines with generic equivalents or biosimilars. MMAP sets the maximum reimbursable price for a list of generically similar or biosimilar products with a cost lower than that of the original medicine. This means that if you opt to use a medicine that is more expensive than the MMAP, you will have to pay the difference between the price of the chosen medicine and that of MMAP.
- This formulary is effective from 1 January 2027.
- This formulary is subject to change without notice.

YES = formulary **NO** = non-formulary with co-payment (CO-PAY) **NO BENEFIT** = excluded*

*Possible funding without penalty, if first and second line treatment failed.
