BESTMED MATERNITY SUPPLEMENTS FORMULARY

- Benefits are subject to the Mediscor Reference Price (MRP):
This price represents the reasonable price in the market place for a particular group of generic equivalent medicines which is reviewed and updated regularly. MRP sets a maximum reimbursable price for a list of generically similar medicines with a cost lower than that of the original medicine. There may be instances where a generic alternative costs more than the set MRP. If you opt to use the original medicine and a generic alternative is available, or you use a medicine that costs more than the MRP, you will have to pay the difference between the price of the chosen medicine and that of MRP.
- This formulary is effective from 1 January 2021.
- This formulary is applicable to Beat3, Beat4, Pace1, Pace2, Pace3, Pace4 and Pulse1.
- This is limited to a maximum of R120 per claim, per month for a maximum of 9 months
- Registration on the Bestmed Maternity Care programme is required to gain access to this benefit.
- This formulary is subject to change without notice.
