Maternity care programme

Finding out you are pregnant comes with a whole lot of emotions, questions and information. Sometimes just knowing where to start and which information you can trust can be a challenge.

Pregnant members and dependants have access to the Maternity care programme. The programme provides comprehensive information and services and was designed with the needs of expectant parents and their support network in mind. We aim to give you support, education and advice through all stages of your pregnancy, the confinement and postnatal (after birth) period.

Members need to register on the Bestmed Maternity care programme as soon as they receive confirmation of their pregnancy by means of a pathology test and/or scan from your family practitioner or gynaecologist. After you complete your registration, a consultant will contact you. If your pregnancy is associated with risks, the information will be forwarded to Bestmed's case managers who will contact you to help monitor your progress.

Please note that registering on the Maternity care programme does not confirm any other maternity benefits nor does it provide authorisation for the delivery as these benefits are subject to the Scheme's rules and underwriting. To enquire about these benefits please contact service@bestmed.co.za.

How to register:

Send an email to maternity@bestmed.co.za or call us on 012 472 6797. Please include your medical scheme number and your expected delivery date in the email.

After registering on this programme you will receive:

- A welcome pack containing an informative pregnancy book about the stages of pregnancy.
- Maternity/baby gift. The selection form will be sent to you after the 12th week of your pregnancy.
- Access to a 24-hour medical advice line.
- Benefits through each phase of your pregnancy.

Don't let co-payments leave you out of pocket. Negotiate your doctor's fees with him/her upfront if you know that their fees exceed the Scheme rate.
