## Maternity care programme

Finding out you are pregnant comes with a whole lot of emotions, questions and information. Sometimes just knowing where to start and which information you can trust can be a challenge.

Pregnant members and dependants have access to the Maternity care programme. The programme provides comprehensive information and services and was designed with the needs of expectant parents and their support network in mind. We aim to give you support, education and advice through all stages of your pregnancy, the confinement and postnatal (after birth) period.

Members need to register on the Bestmed Maternity care programme as soon as they receive confirmation of their pregnancy by means of a pathology test and/or scan from your family practitioner or gynaecologist. After you complete your registration, a consultant will contact you. If your pregnancy is associated with risks, the information will be forwarded to Bestmed's case managers who will contact you to help monitor your progress.

Please note that registering on the Maternity care programme does not confirm any other maternity benefits nor does it provide authorisation for the delivery as these benefits are subject to the Scheme's rules and underwriting. To enquire about these benefits please contact [service@bestmed.co.za](mailto:service@bestmed.co.za).

### How to register:

Send an email to [maternity@bestmed.co.za](mailto:maternity@bestmed.co.za) or call us on 012 472 6797. Please include your medical scheme number and your expected delivery date in the email.

**After registration on the Maternity care programme, you will also receive the Bestmed Maternity care programme registration confirmation letter, indicating all necessary information as stated below:**

Our third-party service provider, DLA, will be in contact within the next two to three weeks via email, requesting you to complete a registration form. Keep an eye on your inbox (including the spam folder) for this email. Completing this form will ensure you are registered on their database to ensure you receive maternity information, additional support if the pregnancy is identified as a high-risk pregnancy and a gift on behalf of Bestmed after 14 weeks gestation. DLA will guide you through the process of selecting a gift.

The registration form and gift selection form must be returned to DLA directly. The maternity gift will only be sent after week 14 of your pregnancy.

Registration also provides you with access to a 24-hour medical advice line and benefits through each phase of your pregnancy.
