## Why Bestmed should be your medical aid of choice

### We provide value for money

- Single digit increases over **11 consecutive years**.
- Our administration costs are between **3 - 5 % cheaper than our competitors** because we are self-administered.
- Our plan options have **75% less co-payments**, compared to our competitors.
- We have **13 structured plans**, designed to suit every life stage and pocket.
- **No automatic self-payment gap** on any of our options.
- Excellent **preventative care benefits** on all our options e.g. female contraceptives, pneumonia and flu vaccines and more...

### An excellent track record

- We have been **offering medical aid since 1964**.
- We are the **largest self-administered scheme** in South Africa and the fourth largest open medical scheme.
- **Four of our options** have been selected as the **best performers** within the South African medical scheme market (2018 GTC Medical Aid Survey).
- We have been **voted third** on the **client service satisfaction benchmark** by the Ask Africa Orange Index 2018.
- We have a solvency ratio of **32.8%**.
- There are about **200 000** lives under our care.

### An extensive service provider network

- Access to **specialist and hospital networks** across South Africa.
- More than **4 000 family practitioners** in our network.
- More than **14 500 network provider agreements**.
- **Country-wide** geographical network coverage.
- **Search facility** via the Bestmed app and website.

COMPARATIVE GUIDE 2020

### Additional Benefits

- Students are eligible for **child dependent rates up to 26 years of age**.
- **Extensive maternity benefits**.
- **Health management support programmes** include a diabetes programme (HaloCare), maternity care programme, oncology programme and HIV/AIDS programme

### FREE access to the Tempo wellness programme with benefits worth up to R4,500

- Our wellness programme is **free** for all members and employers.
- Includes **free Health Risk Assessments, visits to dieticians** and to **biokineticists**.
- Also family interventions, family workshops and baby growth assessments.

### Don't worry, be Appy!

The Bestmed App is just one more way that Bestmed is Personally Yours. It's user-friendly, and has been designed to put all your essential medical information at your fingertips. To make the most of the new features, remove the old App from your phone and download the new version from the App Store or Google Play.

**You'll notice that the updated App has a new icon, and an easy-to-use slide-out menu that lets you:**

- Download your tax certificate.
- Get automatic updates on Scheme communications.
- Find information on all benefits.
- Update your personal details.
- Submit your chronic medication claims.
- Search for a specialist in your area.

## All you need to know about Bestmed Tempo

### WHAT IS BESTMED TEMPO?

Tempo is our preventative care programme. It's a package of benefits and offerings which gives you access to expert healthcare professionals. Their advice and assistance will help you understand your health risks and improve your quality of life.

### WHY SHOULD I JOIN THE PROGRAMME?

The programme is included in your monthly subscription. It already forms part of your benefit structure and is available to you and your family at no additional cost. By making use of the programme's benefits you get access to experts who can assist you with practical and reliable advice which will help you change your lifestyle and become the best version of yourself.

### HOW DO I ACTIVATE THE PROGRAMME?

You need to go for a health risk assessment (HRA) at a wellness contracted network pharmacy or you can have it done at your place of employment during a wellness day. Once we've received the results of your HRA your Tempo benefits are immediately unlocked.

### WHICH BENEFITS ARE INCLUDED IN THE PROGRAMME?

Tempo benefits start with a free HRA which is available to you and your dependants (18 and older). We also offer a range of screenings and assessments for dependants aged between 13 and 17 which includes:

- A health assessment at a biokineticist.
- A functional assessment at an occupational therapist.

We also offer baby growth and development assessments from a qualified nurse within a pharmacy clinic for those younger than 3.

Once you have the results of your screenings and assessments your family will have access to a nutritional assessment at a dietician. In addition to this, adult beneficiaries (18 and older) can also go to a biokineticist three times per year. This will help you determine your current fitness levels as well as help you to plan how to incorporate fitness and activity into your daily lives.

Simultaneously, adult beneficiaries also have access to three consultations with a dietician who will assist you in making healthier food choices.

The programme also includes access to a number of group interventions and group sessions for all ages aimed at encouraging healthier lifestyle choices. The group interventions are advertised throughout the year in the different regions.

### HOW DO I ACCESS AND UTILISE THE PROGRAMME'S BENEFITS?

Once you've done your HRA at a contracted pharmacy you'll unlock all the other benefits included in the programme. Invitations to the group interventions or Healthy Living workshops are also limited to those who have done their HRAs.

### HOW WILL I, OR MY FAMILY MEMBERS, BENEFIT FROM THE PROGRAMME?

We regard family as the most important core unit when choosing to live a healthier life. It's no use focusing on mom and dad but neglecting to include their children in interventions and discussions. For that reason we've started workshops aimed at children too.

In future, based on the number of young beneficiaries who went for their assessments since the start of the programme - interventions aimed at young beneficiaries can be developed and included in the benefit structure. Interventions for younger beneficiaries may be added to Tempo at a later stage depending on how many young dependants have completed their HRAs.

### HOW DOES THIS PROGRAMME DIFFER FROM OTHER WELLNESS PROGRAMMES?

Firstly, the benefit package is included as part of your preventative care benefits. Secondly, the programme is aimed at the individual within the family structure. Although the benefits are available to everyone the advice and assistance that professional healthcare practitioners provide is aimed at you only - so it's an individualised programme and offering. It's not a one-size-fits-all programme and benefits package.

### ARE THE BENEFITS ENTIRELY FREE?

Yes. They're included in the monthly subscription you already pay as a member.

### WILL THE PROGRAMME IMPROVE MY HEALTH/LIFE?

Definitely, provided that you make use of the advice and information the specialists provide you with.

### ARE THERE ANY ADDITIONAL BENEFITS FOR CHILDREN OR PREGNANT WOMEN?

You need to register on the Bestmed Maternity Care programme after your first trimester (12 weeks). After registering your health risk assessment (HRA) will be scheduled. If you are experiencing a high-risk pregnancy, the information will be sent to our case managers, and they will help monitor your progress.

If an occupational therapist identifies your child as a high-risk candidate you can liaise with us for additional benefits according to a treatment plan. This will assist you and your family in attending to the needs and risks of your child. No child is alike and we'll rely on the advice and proposed treatment plan that the provider will submit to us prior to authorising the additional consultations. Once we have enough information, we'll develop treatment protocols which are relevant to children.

### DOES THE PROGRAMME OFFER SUPPORT GROUPS?

Yes. We've commenced with a number of support groups aimed at dealing with childhood obesity. If you wish to be included in these projects please send an email to [tempo@bestmed.co.za](mailto:tempo@bestmed.co.za) or [Elmarie.Jooste@bestmed.co.za](mailto:Elmarie.Jooste@bestmed.co.za). Any other suggestions regarding support group topics or themes are welcome.

### DO THE FREE BENEFITS DIFFER FOR MEMBERS ON DIFFERENT HEALTHCARE OPTIONS?

No. The Tempo benefits are exactly the same on all the options.

We hope you found the answer you're looking for but, if not, please email us for more information: [tempo@bestmed.co.za](mailto:tempo@bestmed.co.za)

The Beat range offers flexible hospital benefits with limited savings on some options to pay for out-of-hospital expenses. This range is ideal for the young, active and just starting out. Beat1, 2 and 3 also offer you the decision to lower your monthly contribution in the form of a Network option.

## Method of Scheme benefit payment

| BEAT1   | BEAT2  | BEAT3   | BEAT4  |
|---|--|---|--|
| <ul style="list-style-type: none"> <li>In-hospital benefits are paid from Scheme risk.</li> <li>Some preventative care benefits are available from Scheme risk.</li> <li>Out-of-hospital benefits are paid from your own pocket.</li> </ul> | <ul style="list-style-type: none"> <li>In-hospital benefits are paid from Scheme risk.</li> <li>Some preventative care benefits are available from Scheme risk.</li> <li>Out-of-hospital benefits are paid from your medical savings account.</li> </ul> | <ul style="list-style-type: none"> <li>In-hospital benefits are paid from Scheme risk.</li> <li>Some out-of-hospital benefits are paid from Scheme risk and some from your medical savings account.</li> <li>Some preventative care benefits are available from Scheme risk.</li> </ul> | <ul style="list-style-type: none"> <li>In-hospital benefits are paid from Scheme risk.</li> <li>Some out-of-hospital benefits are paid from your medical savings account first, once depleted, from your day-to-day benefit.</li> <li>Some preventative care benefits are available from Scheme risk.</li> </ul> |
| <ul style="list-style-type: none"> <li>Benefits relating to conditions that meet the criteria for PMBs will be covered in full when using DSPs, this will not affect your savings (annual or vested) for applicable options.</li> </ul>     |  |   |  |

### BEAT NETWORK PLAN OPTION

- Bestmed offers members a choice of network hospitals for in-hospital benefits.
- If a member voluntarily chooses not to make use of a hospital within the Beat network, a maximum co-payment of R11 309 will apply for the use of a non-designated service provider.
- The Family Practitioner (FP) consultation benefit is limited to Bestmed network providers.
- Specialist consultations are limited to Bestmed designated service providers.

## In-hospital benefits

The Non-Network option provides you with access to any hospital of your choice. This is the standard option. The Network option provides you with a list of designated hospitals for you to use and also saves on your monthly contribution.

Benefits relating to conditions that meet the criteria for PMBs will be covered in full when using DSPs, this will not affect your savings.

Note: Benefits mentioned below are subject to pre-authorisation and clinical protocols.

|   | BEAT1  | BEAT2 | BEAT3 | BEAT4               |

## Medicine

**Note:** Benefits mentioned below may be subject to pre-authorisation, clinical protocols, preferred providers, designated service providers, formularies, funding guidelines and the Mediscor Reference Price (MRP). Approved CDL, PMB and non-CDL chronic medicine costs will be paid from the non-CDL chronic medicine limit first. Thereafter, approved CDL and PMB chronic medicine costs will continue to be paid (unlimited) from Scheme risk.

Pre-approval for medicine can be obtained from [medicine@bestmed.co.za](mailto:medicine@bestmed.co.za) or 086 000 2378.

**Note:** Refer to the Chronic Conditions List at the back of the Comparative Guide.

|  | BEAT1   | BEAT2  | BEAT3   | BEAT4   |
|--|---|--|---|---|
| CDL & PMB chronic medicine               | 100% Scheme tariff. Co-payment of 40% for non-formulary medicine. |  |   | 100% Scheme tariff. Co-payment of 30% for non-formulary medicine.   |
| Non-CDL chronic medicine                 | No benefit.   |  | 5 conditions. 80% Scheme tariff. Limited to M = R3 280, M1+ = R6 673. Co-payment of 35% for non-formulary medicine. | 9 conditions. 90% Scheme tariff. Limited to M = R7 204, M1+ = R14 408. Co-payment of 25% for non-formulary medicine.  |
| Biologicals and other high-cost medicine | PMBs only as per funding protocol. Subject to pre-approval.       |  |   |   |
| Acute medicine                           | No benefit.   | Savings account.                               |   | Savings first. Limited to M = R2 748, M1+ = R5 552. (Subject to overall day-to-day limit)   |
| Over-the-counter (OTC) medicine          | No benefit.   | Savings account. Subject to available savings. |   | *Member choice:<br>1. R650 OTC limit <b>OR</b><br>2. Access to full savings for OTC purchases (after R650 limit) = self-payment gap accumulation. Subject to available savings. |

\*The Default OTC choice is 1. R650 OTC limit. Members wishing to choose the other option are welcome to contact Bestmed  
Note: Generic medicines are always available at a lower cost than the original brand and are just as effective. Bestmed recommends using these generic alternatives to avoid incurring additional costs.

## Preventative care benefits

**Note:** Benefits mentioned below may be subject to pre-authorisation, clinical protocols, preferred providers, designated service providers, formularies, funding guidelines and the Mediscor Reference Price (MRP).

|                                   | BEAT1   | BEAT2  | BEAT3  | BEAT4  |

**Note: Refer to Scheme rules for funding criteria applicable to each preventative care benefit.**

### BEAT1 BEAT2 BEAT3 BEAT4

**Tempo Programme (Wellness)**  
**Note: Completing your Health Risk Assessment (HRA) unlocks the other Tempo benefits.**  
**One parent must complete their HRA in order to unlock assessments for beneficiaries younger than 18.**

**Individual Health Risk Assessments** (Adults aged 18 and older) – Biometric screening and lifestyle questionnaire to be completed at a network pharmacy or onsite at selected employers (1 per year).

**Child dependant assessments**

- Ages 13-17 years: Assessment done by a contracted biokineticist (wellness network provider) – 1 per beneficiary per year.
- Ages 3-12 years: Assessment done by a contracted occupational therapist (wellness network provider) – 1 per beneficiary per year.
- Ages 0-2 years: Baby growth and development assessments done at a contracted pharmacy clinic – 3 assessments per year.

**Family assessments - Nutrition**

- Family nutritional assessment done at a contracted dietician (wellness network provider) – 1 per family per year.

**Fitness and nutritional interventions** (beneficiaries 18 and older)

- 3 individualised consultations per year at a contracted biokineticist (wellness provider network).
- 3 individualised consultations per year at a contracted dietician (wellness provider network).

**Maternity Benefits**

**100% Scheme tariff. Subject to the following benefits:**

**Consultations:**

- 6 antenatal consultations at a FP OR gynaecologist OR midwife.

**Ultrasounds:**

- 1 x 2D ultrasound scan at 1st trimester (between 10 to 12 weeks) at a FP OR gynaecologist OR radiologist.
- 1 x 2D ultrasound scan at 2nd trimester (between 20 to 24 weeks) at a FP OR gynaecologist OR radiologist.

**100% Scheme tariff. Subject to the following benefits:**

**Consultations:**

- 9 antenatal consultations at a FP OR gynaecologist OR midwife.
- 1 post-natal consultation at a FP OR gynaecologist OR midwife.

**Ultrasounds:**

- 1 x 2D ultrasound scan at 1st trimester (between 10 to 12 weeks) at a FP OR gynaecologist OR radiologist.
- 1 x 2D ultrasound scan at 2nd trimester (between 20 to 24 weeks) at a FP OR gynaecologist OR radiologist.

**Supplements:**

- Antenatal iron supplements - 9 fills subject to formulary.
- Antenatal folic acid – 9 fills subject to formulary.

Disclaimer on exclusions: General and option-specific exclusions apply. Please refer to [www.bestmed.co.za](http://www.bestmed.co.za) for more details.

CDL = Chronic Disease List; DBC = Documentation Based Care (back rehabilitation programme); DSP = Designated Service Provider; FP = Family Practitioner or Doctor; TEMPO = Biometric Screenings; HIB = Haemophilus influenzae Type B vaccine; HPV = Human Papilloma Virus; M = Member; M1+ = Member and family; MRP = Mediscor Reference Price; PMB = Prescribed Minimum Benefit; PPN = Preferred Provider Negotiator; PSA = Prostate Specific Antigen.

Chat to us directly using our Chat Now service on the Bestmed website.

Did you know that Bestmed's Pace option range does not have co-payment or automatic self-payment gaps?

The Pace range offers more comprehensive in-hospital and out-of-hospital benefits. These options all have additional savings accounts to cover extensive out-of-hospital expenses. This range is ideal for families and those seeking comprehensive cover.

## Method of Scheme benefit payment

| PACE1  | PACE2 | PACE3 | PACE4  |
|--|-------|-------|--|
| <ul style="list-style-type: none"> <li>In-hospital benefits are paid from Scheme risk benefit. Some out-of-hospital benefits are paid from the annual savings first and once depleted will be paid from the day-to-day benefit.</li> <li>Once the day-to-day benefit is depleted, benefits can be paid from the available vested savings. Some preventative care benefits are available from Scheme risk benefit.</li> </ul> |       |       | <ul style="list-style-type: none"> <li>In-hospital benefits, out-of-hospital benefits and preventative care benefits are paid from Scheme risk.</li> <li>Once out-of-hospital risk benefits are depleted, further claims will be paid from savings.</li> </ul> |
| <ul style="list-style-type: none"> <li>Benefits relating to conditions that meet the criteria for PMBs will be covered in full when using DSPs, this will not affect your savings (annual or vested).</li> </ul>   |       |       |  |

## In-hospital benefits

**Note:** All benefits mentioned below are subject to pre-authorisation and clinical protocols.

Benefits relating to conditions that meet the criteria for PMBs will be covered in full when using DSPs, this will not affect your savings.

## Medicine

Benefits mentioned below may be subject to pre-authorisation, clinical protocols, preferred providers, designated service providers, formularies, funding guidelines and the Mediscor Reference Price (MRP). Refer to the Chronic Conditions List at the back of the Comparative Guide.

**Note:** Approved CDL, PMB and non-CDL chronic medicine costs will be paid from the non-CDL chronic medicine limit first. Thereafter, approved CDL and PMB chronic medicine costs will continue to be paid (unlimited) from Scheme risk.

**Note:** Approved PMB biological and Non-PMB biological medicine costs will be paid from the Biological limit first. Once the limit is depleted, only PMB biological medicine costs will continue to be paid unlimited from Scheme risk.

|  | PACE1  | PACE2   | PACE3  | PACE4  |
|--|--|---|--|--|
| CDL & PMB chronic medicine   | 100% Scheme tariff. Co-payment of 35% for non-formulary medicine.  | 100% Scheme tariff. Co-payment of 30% for non-formulary medicine.   | 100% Scheme tariff. Co-payment of 25% for non-formulary medicine.  | 100% Scheme tariff. Co-payment of 20% for non-formulary medicine.  |
| Non-CDL chronic medicine   | 7 conditions. 90% Scheme tariff. Limited to M = R6 333, M1+ = R12 666. Co-payment of 30% for non-formulary medicine.   | 18 conditions. 90% Scheme tariff. ### Tempo Programme (Wellness)

**Note:** Completing your Health Risk Assessment (HRA) unlocks the other Tempo benefits.

One parent must complete their HRA in order to unlock assessments for beneficiaries younger than 18.

**Individual Health Risk Assessments** (Adults aged 18 and older) – Biometric screening and lifestyle questionnaire to be completed at a network pharmacy or onsite at selected employers (1 per year).

#### Child dependant assessments

- Ages 13-17 years: Assessment done by a contracted biokineticist (wellness network provider) – 1 per beneficiary per year.
- Ages 3-12 years: Assessment done by a contracted occupational therapist (wellness network provider) – 1 per beneficiary per year.
- Ages 0-2 years: Baby growth and development assessments done at a contracted pharmacy clinic – 3 assessments per year.
- Family assessments - Nutrition**
- Family nutritional assessment done at a contracted dietician (wellness network provider) – 1 per family per year.
- Fitness and nutritional interventions** (beneficiaries 18 and older)
- 3 individualised consultations per year at a contracted biokineticist (wellness provider network).
- 3 individualised consultations per year at a contracted dietician (wellness provider network).

\*You only pay for a maximum of four children. All other children join as beneficiaries of the Scheme free of charge.

### ABBREVIATIONS

DBC = Documentation Based Care (Back Rehabilitation Programme); DSP = Designated Service Provider; FP = Family Practitioner or Doctor; TEMPO = Biometric Screenings; HIB = Haemophilus influenzae Type B vaccine; HPV = Human Papilloma Virus; M = Member; M1+ = Member and family; MRI/CT scans = Magnetic Resonance Imaging/Computed Tomography scans; MRP = Mediscor Reference Price; NP = Network Provider; PET scan = Positron Emission Tomography scan; PMB = Prescribed Minimum Benefits; PPN = Preferred Provider Negotiators; PSA = Prostate Specific Antigen.

PULSE

Unlimited FP consultations on our Pulse Network!

The Pulse range is ideally suitable for you if:

- You are seeking a plan option that is based on your income (Pulse1).
- You are comfortable with making use of designated service providers (DSPs) within our Pulse network.
- You are looking for unlimited comprehensive cover for hospitalisation and the added benefit of preventative care.

## Method of Scheme benefit payment

### PULSE1

- In-hospital benefits are paid from Scheme risk.
- Some preventative care benefits are available from Scheme risk.
- Some out-of-hospital benefits are paid from Scheme risk.
- Only Pulse specialist DSP network.

### PULSE2

- In-hospital benefits are paid from Scheme risk.
- Some day-to-day benefits and preventative care benefits are available from Scheme risk.
- Some out-of-hospital benefits are paid from Scheme risk.
- Only Pulse specialist DSP network.

- Benefits relating to conditions that meet the criteria for PMBs will be covered in full when using DSPs.

## + In-hospital benefits

All benefits below are subject to pre-authorisations and clinical protocols and designated hospital networks.

|  | PULSE1   | PULSE2  |
|--|--|---|

## Medicine

Benefits mentioned below may be subject to pre-authorisation, clinical protocols, preferred providers, designated service providers, formularies, funding guidelines and the Mediscor Reference Price (MRP). Refer to the Chronic Conditions List at the back of the Comparative Guide.

**Note:** Approved CDL, PMB and non-CDL chronic medicine costs will be paid from the non-CDL chronic medicine limit first. Thereafter, approved CDL and PMB chronic medicine costs will continue to be paid (unlimited) from Scheme risk.

**Note:** Approved PMB biological and Non-PMB biological medicine costs will be paid from the Biological limit first. Once the limit is depleted, only PMB biological medicine costs will continue to be paid unlimited from Scheme risk.

\*You only pay for a maximum of four children. All other children join as beneficiaries on the Scheme free of charge. This is not applicable to Pulse1.

## ABBREVIATIONS

DBC = Documentation Based Care (Back Rehabilitation Programme); DSP = Designated Service Provider; FP = Family Practitioner or Doctor; TEMPO= Biometric Screenings; M = Member; M1+ = Member and family; MRI/CT scans = Magnetic Resonance Imaging/Computed Tomography scans; MRP = Mediscor Reference Price; NP = Network Provider; PET scan = Positron Emission Tomography scan; PMB = Prescribed Minimum Benefits; PSA = Prostate Specific Antigen.

Bestmed covers midwife-assisted births at 100% of Scheme tariff, on all options.

With us you get the best when it comes to accessing quality healthcare.

The Chronic Disease List (CDL) provides cover for the 27 listed chronic conditions for which medical schemes must cover the diagnosis, medical management and medicines as published by the Council for Medical Schemes. An additional 16 conditions are covered as Prescribed Minimum Benefits (PMB), where the medical management and medicines are also covered from Scheme benefits. Non-CDL chronic conditions are those additional conditions that Bestmed provides chronic medicine cover for. Authorisation for CDL, PMB and non-CDL chronic medicines is subject to clinical funding guidelines and protocols, formularies and Designated Service Providers (DSPs) where applicable. Approved CDL and PMB chronic medicines are covered without an annual financial limit while non-CDL chronic medicines are subject to an annual financial limit. Below is the list of CDL, PMB and non-CDL conditions that Bestmed covers on the various benefit options.
